

Saguaro National Park - Saguaro Census Plot #75L  
March 17, 2010 – Park Staff and Volunteers

In this figure, orange columns represent the number of saguaros counted in 1975; purple represent 2001 and blue represent 2010. The x axis breaks down the saguaros into size classes. The total number of saguaros counted is on the far right side of the chart. There has been an increase in the total number of saguaros on the plot since the last Saguaro Census in 2001.
